Vitality Benefit

Weekly Active Rewards:

Vitality is based on the shared-value approach that incentivizes you to manage your health. It helps you get healthier by giving you tools, knowledge, access and motivation to improve your health, and is based on a three-pronged approach:

- Know your Health
- Improve your Health
- Enjoy the Rewards
-

You as a participant will engage with Vitality and earn Vitality points. Vitality points, in turn, determine a participant's Vitality status which can be Bronze, Silver, Gold or Platinum.

Each participant receives a weekly target for physical activity, upon achievement of which you are able to earn and redeem a weekly 'active reward'. These rewards take the shape of:

- PKR 500 discount on a healthy meal ordered from food panda or
- PKR 500 as a mobile top up voucher with Easy Tickets

New rewards are being added on a frequent basis and will be advised in due course of time.

The exercise targets can be tracked through a wearable device or through your smartphone. A large number of devices are compatible with the Vitality programme. The Vitality programme and its shared value model provides you with a completely differentiated product offering - allowing for a unique and brand enhancing competitive advantage in a commoditized marketplace. Vitality changes the nature of the conversation with the consumer. Instead of focusing on the negative, e.g. fear of death, disability or ill health, Vitality conveys an encouraging and positive narrative centered on your wellness and healthy living.

How Vitality Works

Vitality rewards its members through a point system based upon physical activity and certain health related questionnaires. The program runs through the Vitality app on the participant's smartphone and points can be measured through the Health app or an optional wearable device.

Daily Points are awarded based on the number of steps taken for the day or increased heart rate to a

level for minimum of 30 minutes, whichever is higher.

Physical activity is measured through the Samsung Health app on android phones and through the Health App on Apple iPhones. Both these apps sync with the IGI Life Vitality app in order to transfer the data to Vitality.

Points are awarded as per the below table:

Steps:

Activity Level	Steps Per Day	Points Awarded	Age 60+ boost
